PILOT LIABILITY INSURANCE: HOW TO COMPLETE THE FORM

The insurance covers the liability of pilots, student pilots and flight instructors for damage to aircraft that they do not own but that have been loaned to them or that they use on another legal basis.
Our flight school requires all pilots, student pilots and instructors to have pilot liability insurance that meets the following requirements:

- Pilot liability insurance with a minimum indemnity limit of CZK 200,000
- Territorial coverage that includes at least the European Union (EU)
- We also recommend adding 'Financial loss' cover.

Insurance provider: SV pojišťovna
